

# LOOKING TO DO THINGS EASIER, BETTER, FASTER AND SAFER?

## TUNE YOUR FARM BUSINESS WITH THE FARMTUNE PROGRAMME

### DO YOU WANT TO:

- Reduce milking times?
- Get consistent results – regardless of who is doing the job?
- Improve communication and make training easier?
- Get the job done right the first time?
- Get organised – no more searching for tools, information or people, or last-minute trips to town for supplies?
- Develop a process for continuously improving your business?
- Engage your team, to have happier and more productive people?
- Create a culture where your people contribute positively and really look forward to coming to work?

**The time spent implementing the FarmTune work processes returns many, many more hours than those invested.**

**Create a better business, all you need is a commitment to doing things differently.**

### FARMER FEEDBACK

**“FarmTune helped me get back in control of my business, I’m more motivated and my people are contributing. I’m definitely a better boss and I’m excited about farming again!”**

# FARMTUNE

## TUNING YOUR FARM BUSINESS SO IT WORKS FOR YOU.

### EASIER, BETTER, FASTER, SAFER

Attend these proven workshops with your team and get practical tools that:

- Can improve all areas of your business (inside the dairy, farm office, farm workshop/toolshed, health and safety).
- Are low cost solutions that add to your bottom line.
- Teach you and your team how to root out waste and inefficiencies
- Help you and your team create simple, procedures which make training easier.
- Help engage your team, increase responsibility, and improve performance.
- Improve communication.
- Save time, reduce waste and mistakes allowing you to focus on what's important.
- Help you lead your team, manage change, and sustain long term results.

**Learn alongside your team and other farmers in the practical and hands-on FarmTune workshops.**

### FARMER FEEDBACK

**"I wish I'd learned this stuff years ago, it would have saved me heaps and reduced stress all round"**
